

I greatly appreciate KLOVE in my community. It is a welcome alternative to all the other radio stations that play offensive music with lyrics that I don't want my children listening to. If KLOVE were to go off the air I think it would leave a big hole in the airwaves of our city. I think KLOVE adds a real positive influence to many lives. On a day when things are not going well, KLOVE has a way of lifting your spirits. Please do not let KLOVE be taken off the air.  
Thank you
